

2019 BHS Survey Results

– Survey to gather schedule input

BHS SCC asked the district to send out a survey to all households of current 7-12th graders living in the Brighton Boundaries. The results can be found below for the household replies received.

Brighton Admin sent the same survey to all staff and current 9-12th grade students. Those results can be found below.

Parents/Households: Received a response from 798 households. Of those 798 households a minimum of 1154 students were represented. Those that stated a grade for their students:
 7th: 195 8th:196 9th:240 10th:211 11th:179 12th:133

Staff: Received a response from 68 staff members

Students: Received a response from 901 students.
 Of those that stated their grades: 9th:252 10th:249 11th:211 12th:153

Disclaimer – Each person responding didn't answer every question. The total received mentioned above was taken from the answer that received the largest response count.
