BRIGHTON HIGH SCHOOL

### Suicide Prevention Awareness Month

Utah ranks in the top ten states in the nation for mental health challenges. However, there are proactive measures we can implement to reduce youth suicide rates. Schools are pivotal in this effort by promoting positive relationships, establishing safe learning environments, and offering support systems for students facing difficulties (Utah State Board of Education). Explore these resources and engage in conversations with students about suicide prevention:

- 988 National Suicide Prevention Suicide and Crisis Lifeline

Counselors will be conducting Senior CCR Meetings during September and October. Postcard invitations will be mailed home.

Freshmen classroom lessons will take place in Geography classes during the month of October.

Utah College Application Week will be October 21 - 24. All seniors are invited to work on college applications during APP period.
