Brighton 2025-2026 Attendance Policy

We are excited for this school year and for the students to learn from teachers and classmates in all of their classes. Research has proven that attendance in classes improves student grades. For example, did you know students with 1 or fewer absences during 3rd trimester last year averaged a GPA of 3.75 or higher? Conversely, every day a student is absent their GPA tended to go down .01 percent.

As such, we are implementing some policies with our attendance this year that will go into effect on Monday, Aug. 25th. Please read the policy attached for full information.
