Student's Preferred Names in the Yearbook

Dear Parents/Guardians,

Unless we are otherwise notified, your student's first and last name will appear in the yearbook as it appears in Skyward. This is regardless of if you have sent us this information in the past.

If your student has a preferred name that they would like to go by in this year's yearbook, their parent / guardian must email Taylor Anderson at taylor.anderson@canyonsdistrict.org with the following information:

Skyward name: the name of your student as it appears in skyward

Student Grade: (i.e. 9, 10, 11, or 12)

Preferred name: The name they would like to go by in the Yearbook.

This includes but is not limited to preferred names, nicknames, shortened versions of their name, or if they go by their middle name. We have extended the deadline slightly, but we need to receive this by end-of-day **October 22nd!**

DIGITAL CITIZENSHIP week
November 3-7, 2025

Digital citizenship isn't just about screens—it's about helping kids make healthy, thoughtful choices in all the ways they connect with the world. At school, we practice these skills everyday, and during Digital Citizenship Week we pause to review and celebrate what students are learning. Conversations at home help students understand when and how technology use makes sense and how it can align with your family's values and goals. Small steps like talking about kindness online or setting aside a place for phones to be stored overnight can make a big difference in raising confident and responsible digital citizens.

25-26 DIG CIT LESSONS

Friendships and Boundaries Online
How can I make sure my relationships are healthy and positive?

The Impact of Online Hate Speech
How do we combat hate speech online and create welcoming online environment?

Is Breaking News Broken on Social Media?
Is social media a good place to share and find out about breaking news?

Understanding AI Bias
How does AI Bias happen?

AI Algorithms - How Well Do They Know You?
How does Artificial Intelligence influence what we see online?

FAMILY MEDIA AGREEMENTS

Looking for a way to set clear, healthy expectations at home? Try creating a Family Media Plan together! It's a simple way to decide when, where, why, and how technology should be used in your family. Check out the following page to get started or to revisit these conversations.
