# Brighton High School Schedule Change Policy

Brighton High School is adopting a new schedule change policy for the 26 - 27 School year.

## The New Policy

Brighton will open Arena Scheduling **one** time during the academic school year.

*This year, Arena will open from August 5 - 9.*

During this window, students may make changes to any class for any reason.

*Schedule Help Day will be offered on August 7 to support students who need help making schedule changes.*

Once Arena Scheduling closes, no further schedule changes will be permitted for classes the first trimester.

We understand that there are extenuating circumstances, and we encourage you to reach out to your Counselor as these arise.

Students will still be able to come to the Counseling Center in order to

- Add Educational Releases
- Add Teacher, Counseling, or Office Aide
- Complete a Level Change
- Fill a hole in their schedule

Prior to the start of each new trimester, students may request schedule changes by submitting an online request through a designated Google Form. These requests will be reviewed and accommodated, subject to availability.

## Why the Change?

This updated process is centered on supporting student success in three key ways:

### 1. Protecting instructional time

By eliminating schedule adjustments once the trimester begins, teachers can start teaching meaningful curriculum on the first day of class. This ensures students make the most of every instructional minute.

### 2. Encouraging thoughtful, full-year planning

Opening Arena Scheduling once per year allows students to build their full academic schedule for the entire school year at one time, instead of making changes trimester by trimester. This approach helps prevent duplicate course enrollments, ensures students can register for both A and B halves of required graduation courses, and provides a clearer pathway for exploring college and career interests.

### 3. Strengthening school community

A stable schedule allows students to build stronger relationships with teachers and peers. Expanding their experiences across a full year supports connection, consistency, and a stronger sense of belonging at Brighton.
